PAYMENT: Please note that because we are a small, family firm, each order will be dealt with on a personal level with attention to detail. We are not yet equipped to deal with credit or debit cards (but hope to be soon) and payment in the United Kingdom should, at the moment, be made by cheque, where at all possible.
We will not send out an order without ensuring that it is exactly what you need for the job.
We are happy to deal with any enquiries either by phone or by email: all enquiries will be dealt with promptly.

POSTAGE & PACKING: please note that postage rates sometimes go up unexpectedly, so it's always best to check with us for current costs before sending your order.

For bigger orders you may wish to add enhanced compensation to your postage. Please check with us for current rates.

If you're in a hurry, please check with us for prices of the Special Delivery Next Day service.

The postage rates shown are a rough guide only. (Dated April 2010.) If you're not sure, please phone or email first.

Larger, heavier parcels may be sent by courier.

If you're likely to be out, and would like your parcel left with a neighbour, or in a secure shed or something, please let us know what to write on the parcel.
